PROPOSED
CONSTITUTIONAL
AMENDMENT NO. 50

BE IT RESOLVED by the House of Representatives of the Sixty-Second General Assembly of the State of Arkansas, and by the Senate, a majority of all members elected to each House agreeing thereto:

That the following is hereby proposed as an amendment to the Constitution of the State of Arkansas, and upon being submitted to the electors of the State for approval or rejection at the next general election for Representatives and Senators, if a majority of the electors voting thereon, at such an election, adopt such amendment, the same shall become a part of the Constitution of the State of Arkansas, to-wit:

SECTION 1. The annual salaries of the constitutional officers of this State shall be as fixed by law, but shall not exceed the following:

The Governor, the sum of \$20,000.00; the Lieutenant Governor, the sum of \$5,000.00; the Secretary of State, the sum of \$10,000.00; the Treasurer of State, the sum of \$10,000.00; the Auditor of State, the sum of \$10,000.00; the Attorney General, the sum of \$12,000.00; and the Commissioner of State Lands, the sum of \$10,000.00.

SECTION 2. The annual salaries or compensation of all elected county officials and their deputy hire allowances shall be as fixed by law, provided that no such salary or compensation shall be in excess of \$10,000.00 per annum.

SECTION 3. The annual salaries of all elected municipal officials shall be prescribed by the elected government body of such municipality, but no such salary shall be in excess of \$10,000.00 per annum. Provided that the salaries of municipal judges shall be established in the manner prescribed by Amendment No. 43 to the Constitution of the State of Arkansas.

SECTION 4. The annual salaries or compensation of all county and municipal officials, and their deputy hire allowances, shall be and remain the same as provided by law upon the effective date of this Amendment until the same shall be changed in the manner authorized herein.

SECTION 5. The salaries of state constitutional officers, elected county officials and elected municipal officials shall not be reduced or diminished during the term for which any such official shall be elected.

SECTION 6. Nothing contained herein shall limit or restrict the right of the people to establish the salaries of county and municipal officials by initiated act as authorized in Amendment 7 to the Constitution.

SECTION 7. All laws and parts of laws and all constitutional provisions in conflict herewith are, to the extent of such conflict, hereby repealed.

Approved: March 16, 1959.

PROPOSED
CONSTITUTIONAL
AMENDMENT NO. 51

BE IT RESOLVED by the Senate of the State of Arkansas, and by the House of Representatives, a majority of all members elected to each House agreeing thereto:

That the following is hereby proposed as an amendment to the Constitution of the State of Arkansas, and upon being submitted to the electors of the State for approval or rejection at the next general election for Representatives and Senators, if a majority of the electors voting thereon, at such an election adopt such amendment, the same shall become a part of the Constitution of the State of Arkansas, to-wit:

SECTION 1. In addition to other powers granted by constitutional or statutory authority, cities of the first and second class may issue, by and with consent of a majority of the qualified electors of said municipality voting on the question at an election held for the purpose, bonds in sums and for the purposes approved by such majority at such election as follows:

For the payment of any indebtedness existing at the time of the adoption of this amendment; for the purchase of rights of way for construction of public streets, alleys, boulevards, and express ways, within the corporate limits of such municipality for the construction of widening or straightening of streets, alleys, boulevards, expressways, and parking facilities, within the corporate limits of such municipality; for the purchase, development and improvement of public parks, airports, flying fields, and recreational facilities located either within or without the corporate limits of such municipality; for the construction of sewers and comfort stations; for the purchase of fire alarm systems; for the purchase of street, police or fire fighting apparatus and equipment; for the purchase of street and sewer cleaning equipment and apparatus; for the purchase of sites for, construction of, and equipment of city halls, auditoriums, court houses, prisons, libraries, hospitals, clinics, public abattoirs, incinerators or garbage disposal or sewage treatment plants; for building for the housing of street, police or fire fighting apparatus and equipment; for the construction of viaducts and bridges; for the purpose of purchasing, extending, improving, enlarging, build-

ing, or construction of water works or light plants, and distribution systems therefor; and for the purchase of sites for, improving or equipping harbor and river terminal facilities, and for the acquisition, development and construction of other municipal or public facilities and improvements. For the purchase, development and improvement of airports, waterworks, sewage disposal systems or any other municipal facilities which are wholly or partially located outside the boundaries of this State.

No bonds issued under the authority of this amendment shall bear a greater rate of interest than six per cent per annum payable either annually or semi-annually; that is to say, the cost to the municipality for interest and discount on each issue of bonds shall not exceed six per cent per annum, and no bonds issued under the authority of this amendment shall ever be sold except at public sale after twenty days' advertisement in some newspaper having a bona fide circulation in the municipality issuing such bonds.

In order to provide for the payment of the bonds issued under the provisions of this amendment, and interest thereon, a special tax in addition to the legal rate permitted may be levied by municipalities on the real and personal taxable property therein, and any municipality issuing any bonds shall, before or at the time of doing so, levy a direct tax payable annually sufficient to pay the interest on such bonds at the same maturity, and also sufficient to pay and discharge the principal of all such bonds at their respective maturities. The special tax permitted by this amendment shall not be subject to any constitutional limitation; provided, however, the General Assembly may by legislative act limit the rate of such taxation, which limitation shall be effective only upon a special tax levied for the payment of bonds issued after the effective date of such legislative act.

Said bonds shall be serial, maturing annually after three years from date of issue, and shall be paid off as they mature, and no bonds issued under the authority of this amendment shall be issued for a longer period than forty years.

It shall be the duty of the mayor and city council or other governing body established by law, to exercise supervision over the sale of any bonds, which may be voted by the people at an election held for that purpose and they shall expend economically the funds so provided for the specified purposes for which they were voted.

Said election shall be held at such times as the city council may designate by ordinance, which ordinance shall specifically state the purpose for which the bonds are to be issued, and if for more than one purpose, provisions shall be made in said ordinance for balloting on each separate purpose; which ordinance shall state the sum total of the issue, the dates of maturity thereof and shall fix the date of election so that it shall not occur earlier than thirty days after the passage of said ordinance. Said election shall be held and conducted, and the vote thereof canvassed, and the result thereof declared under the law and in the manner now or hereafter provided for municipal elections, so far as the same may be applicable, except as herein otherwise provided. Notice of said election shall be given by the mayor by advertisement weekly for at least four times, in some newspaper published in said municipality and having a bona fide circulation therein; the last publication to be not less than ten days prior to the date of said election.

Qualified voters of said municipality only shall have a right to vote at said elections. The result of said election shall be proclaimed by the mayor and the result as proclaimed shall be conclusive unless attacked in the courts within thirty days after the date of such proclamation. This amendment shall not repeal or affect any law relating to the organization of improvement districts.

SECTION 2. In addition to any existing Constitutional or Statutory provisions, and the powers granted under the provisions of this amendment, cities of the first and second class are hereby authorized to levy a tax on the real and personal property located within the corporate limits of five (5) mills on the dollar of the assessed value of such property. That the revenues from such tax may be used for any municipal purpose now or hereafter authorized.

SECTION 3. The General Assembly may by legislative act allow cities of the first and second class to levy additional taxes for any municipal purpose, now or hereafter authorized, and such taxes or the rates thereof shall not be limited by any existing Constitutional provision.

SECTION 4. The salaries of officials and employees of cities of the first and second class shall be fixed by the governing body of such cities, and the amounts of such salaries shall not be limited by any existing Constitutional provision.

SECTION 5. This amendment shall be in force upon its adoption, and shall not require legislative action to put it into force and effect.

All provisions of this amendment, whenever, at any annual school election, a majority of the qualified electors shall be treated as mandatory, and all provisions of the Constitution, or amendments there-

PROPOSED
CONSTITUTIONAL
AMENDMENT NO. 52

BE IT RESOLVED by the Senate of the State of Arkansas, and by the House of Representatives, a majority of all members elected to each House agreeing thereto:

That the following is hereby proposed as an amendment to the Constitution of the State of Arkansas, and upon being submitted to the electors of the State for approval or rejection at the next general election for Representatives and Senators, if a majority of the electors voting thereon, at such an election adopt such amendment, the same shall become a part of the Constitution of the State of Arkansas, to-wit:

SECTION 1. Intelligence and virtue being the safeguards of liberty and bulwark of a free and good government, it is hereby declared to be the public policy that Arkansas shall ever provide financial aid whereby all residents of this State between the ages of six and eighteen years may, as desired by them or their parents or guardians, receive gratuitous instruction; and that the manner of administering such aid can best be determined at the local level.

SECTION 2. Financial aid to carry out the aforesaid declared policy of the people of this State shall be raised, at both the State and local levels through taxation now or hereafter authorized by law. Financial aid at the State level shall be provided in such amounts, and distributed to school districts under such formula, or formulas, as the General Assembly shall, from time to time, determine; and financial aid at the local level shall be provided in such amounts as shall from time to time be determined by the qualified electors of the respective school districts.

SECTION 3. The qualified electors of each school district shall have the right to determine by their vote at a special election called for the purpose, the manner of applying the financial aid available for the instruction of residents of the district between the ages of six and eighteen years; and such instruction may be provided either: (a) through a system of free public schools whereof the district will provide the physical plant, employ instructors, and do any and all things necessary to maintain a general, suitable and efficient system of free schools to be operated by the district; or (b) through student education financial aid whereof the district will apply all available funds for the equal benefit of all such residents for the periods of time during which they respectively receive instruction in this State.

SECTION 4. Subject to such limitations as may be imposed by law, exclusive jurisdiction for the government of each school district shall be vested in a board of directors.

SECTION 5. There is hereby levied and there shall be collected an annual per capita tax of one dollar from each resident of this State over the age of twenty-one years, and the proceeds thereof shall be used for educational purposes in such manner as is now or as hereafter may be provided by law.

SECTION 6. Not less than fifteen days next preceding each annual school election, the board of directors of each school district shall prepare, approve and make public for which there shall be set forth the amount of funds determined by the board as being necessary to provide, during the next following fiscal year, gratuitous instruction for residents of the district between the ages of six and eighteen years. The proposed budget shall set forth the estimated amounts, respectively, of funds necessary: (a) to meet the debt service requirements of the district's issued and outstanding bonds; (b) to meet its other contractual obligations; (c) to pay insurance premiums on, and cost of maintenance or custodial care of, buildings and other property owned by the district; and (d), in such detail as the board shall determine, the estimated amount of funds required for other educational purposes.

From the total of the aforementioned requirements for the fiscal year shall be deducted the estimated amount of funds to be available to the district from State aid and from all other sources other than the local property tax, and the remainder as so determined shall be designated and known as the budget deficit. Based upon the assessed valuation of all taxable property within the territorial bounds of the district for the then current year, the board of directors shall determine the rate of tax levy necessary to provide, when applied to the amount of said assessed valuation, funds of sufficient amount to meet the aforesaid budget deficit; and the rate of tax levy as so determined shall be submitted for the approval or disapproval of the qualified electors of the district at the next following annual school election.

Qualified electors of the district voting on the proposition shall approve the rate of tax levy proposed by the board of directors, then taxes shall be collected at the rate so approved. In the event the rate shall not be approved at any such election, in conflict herewith are hereby repealed.

Approved: March 16, 1959.
C. G. "Crip" Hall
Secretary of State

SECTION 7. With respect to each school district, proposals for the issuance of bonds and for the collection of taxes at a continuing rate of levy for the payment thereof may be submitted by the board of directors for the approval or disapproval of the qualified electors voting on the proposition at any annual school election; and, upon petition of not less than ten percent of the qualified electors of the district, or by resolution of the board of directors, such proposals may be submitted for the approval or disapproval of the qualified electors voting on any such proposition at a special election called for the purpose by the County Judge. No school district may issue bonds unless a majority of the qualified electors voting on any such proposition at a school election shall approve the same; and no bonds or other evidences of debt hereafter issued by any school district shall be secured by a lien on the property of the district, and no district may pledge any of its revenues for the payment of said bonds or other evidences of debt except revenues to be derived from the collection of taxes up on taxable property within the district under a continuing rate of levy approved by a majority of the qualified electors voting on the proposition at a school election.

The principal amount of any proposed bond issue may include the estimated amount of interest to be due on such bonds during the first year.

SECTION 8. The manner of applying financial aid for the instruction of residents of any school district between the ages of six and eighteen years shall be changed, effective immediately, from the then-existing manner to any other manner authorized by Section 3 hereof, whenever the proposition of making such change shall be approved by a majority vote of the qualified electors of the district voting on the proposition at a special school election called for that purpose by the County Judge of the county in which all or the major portion of the land area within the territorial bounds of any such district is located. The County Judge shall call such special election within thirty days after the receipt by him: (a) of a petition containing the signatures of not less than a majority of the board of directors of the district; or (b) of petitions containing the signatures of not less than ten per cent of the qualified electors of the district. Provided, that not less than twelve months shall elapse after any such special election before another special election may be called for the purpose of again voting on the proposition of changing the manner of applying financial aid.

In each instance in which the manner of applying financial aid for the instruction of residents of the district between the ages of six and eighteen years shall be through student education financial aid, then all funds of the district, save only such funds as are necessary to meet the debt service requirements of the district's issued and outstanding bonds, to meet its other contractual obligations, and to pay insurance premiums on, and cost of maintenance or custodial care of, the district, shall be used for student education financial aid, and shall be applied equally for the benefit of all such residents for the periods of time during which they respectively receive instruction in this State.

SECTION 9. Either branch of the General Assembly at a regular or special session thereof may propose amendments to this measure, and, if any such proposal be agreed to by a majority of all the members elected to each house such proposal shall be submitted to the electors of the State for approval or rejection at a special election called for the purpose by the Governor; and if a majority of the qualified electors voting at such special election adopt such amendment the same shall be operative on and after the 30th day after the election at which it is approved, unless otherwise specified in the amendment. Nothing in this section contained shall be construed to limit the power of the General Assembly to submit proposed amendments to this measure as provided by Section 22 of Article 19 of the Constitution of this State.

SECTION 10. The provisions of this measure are hereby declared to be severable.

SECTION 11. Article 14 and Amendments Nos. 11 and 40 to the Constitution of this State are hereby repealed.

SECTION 12. This amendment shall be self-executing, and its provisions shall be treated as mandatory, but laws shall be enacted by the General Assembly to facilitate its operation.

SECTION 13. This amendment shall take effect and be in full force on and after the date of its approval at the November, 1960, General Election.

Approved: March 16, 1959.

election, then taxes shall be collected at the rate of thirty (30) mills on each dollar of assessed valuation, or at the rate approved at the next preceding annual school election, whichever rate shall be the lower figure. Provided, that no rate of tax levy shall ever be less than the aggregate of the rates of any continuing levies heretofore approved for the purpose of meeting the debt service requirements of the district's issued and outstanding bonds unless funds for the payment thereof shall have otherwise been specifically provided for.

SECTION 7. With respect to each school district, proposals for the issuance of bonds and for the collection of taxes at a continuing rate of levy for the payment thereof may be submitted by the board of directors for the approval or disapproval of the qualified electors voting on the proposition at any annual school election; and, upon petition of not less than ten percent of the qualified electors of the district, or by resolution of the board of directors, such proposals may be submitted for the approval or disapproval of the qualified electors voting on any such proposition at a special election called for the purpose by the County Judge. The principal amount of any proposed bond issue may include the estimated amount of interest to be due on such bonds during the first year.

SECTION 8. The manner of applying financial aid for the instruction of residents of any school district between the ages of six and eighteen years shall be changed, effective immediately, from the then-existing manner to any other manner authorized by Section 3 hereof, whenever the proposition of making such change shall be approved by a majority vote of the qualified electors of the district voting on the proposition at a special school election called for that purpose by the County Judge of the county in which all or the major portion of the land area within the territorial bounds of any such district is located. The County Judge shall call such special election within thirty days after the receipt by him: (a) of a petition containing the signatures of not less than a majority of the board of directors of the district; or (b) of petitions containing the signatures of not less than ten per cent of the qualified electors of the district. Won't Recommend Any New Tax

LITTLE ROCK (AP)—Gov. Orval E. Faubus said today he would not recommend any new taxes to the 1961 Legislature but he would not promise that no tax proposals would be made.

"I'd consider any proposals the Legislature or other groups might offer," the governor told a news conference.

A move by state colleges for more funds to finance a building program was mentioned and Faubus said he would have to wait and see what kind of a program was offered.

Faubus took a dim view of the possibility of any tax cuts.

"Any cut in taxes would bring a reduction in services," he said.

The governor also indicated he would oppose any move to give taxpayers an exemption on their state income tax for income tax-

Wesleyan Service Guild No. 2 Meets with Miss Mary Louise Copeland

When Wesleyan Service Guild No. 2 of the First Methodist Church met in the home of Miss Mary Louise Copeland on October 17, there were nine members present and one guest, Mrs. Cecil Delaney. Beautiful dahlias were used as decorations for the meeting.

The opening prayer was voiced by Mrs. Hinton Davis. During the business session members were reminded of a meeting in the First Methodist Church in Camden, on Sunday, October 23 at which Congo missionary Miss Norene Robbin will speak.

Enlightenment on the Week of Prayer and Self-Denial, October 25-31, was given by Mrs. Hinton Davis, when she explained the purpose of the week and the use to be made of its special offering. A short prayer service will be held at 9:30 a.m. October 24-28 in the church.

An invitation was extended to all to attend the 20th Anniversary Luncheon of the W. S. C. S. on November 14 at the First Methodist Church. At this potluck affair all new members and charter members will receive special recognition.

As the group sang "A Story to Tell to the Nations," accompanied by Mrs. Denver Dickinson at the piano, a special offering was taken for the Week of Prayer.

The first of the study, "One World, One Mission," was presented by Miss Mary Anita Laster, Mrs. Robert O'Neal, and Mrs. Sam Andrews. At the conclusion a Friendship Circle was formed and the group was dismissed with prayer by Miss Laster.

Refractions of German Chocolate, cake, coffee, and iced tea were served by the hostess, Mrs. Moses and circle chairman, Mrs. Smalley.

Coming and Going

Mrs. Taylor Stuart visited her daughter, Mrs. Jack Pickens, in Little Rock last week but has now returned home.

Mrs. Hosea Garrett of Gastonia, N. C., is visiting her brothers, Harry and Kendall Lemley, and families.

Mrs. J. M. Duffies is in Houston, Tex., visiting the Richard Duffies.

Hilderbrand's Gal Is Free on Bond

RUSSELLVILLE, Ark. (AP). — Eighteen-year-old Frances Standridge, companion of former fugitive Joe Hilderbrand, is free on \$1,000 bond posted by a candidate for Congress, and another man.

L. J. Churchill of Dover, who is opposing Rep. Dale Alford, D. Ark., in the 5th Congressional District, said Tuesday he and Glenn Biber of Scottsville signed

point. Many Americans have not been paid for goods sent to Cuba.

However, authorities here say the official embargo as still needed to prevent Castro from getting commodities from this country that he particularly wants. He might successfully use cash offers to tempt businessmen into selling him strategic items like chemicals and machinery parts.

The restrictions would not apply to U. S. imports from Cuba, the most important of which is tobacco now that sugar has been cut off.

the property bond for the Standridge girl, who is charged with grand larceny in connection with auto thefts and burglaries.

Hilderbrand and the Standridge girl both are from near Dover.

The fugitives were captured a week ago tonight after an intensive State Police chase. Hilderbrand was returned to state prison to continue serving a sentence for kidnapping and robbing a tourist couple.

Authorities said the girl probably will be tried during the November term of Pope Circuit Court.

Lonely Lady Fears Life Will Pass Her By

By HELEN WORDEN ERSKINE

Dear Helen:

I have wasted my life waiting for a man to come to my door and ask me to wed. I have lived a secluded life as though something is keeping me from the pleasure of the human race. Can you help me? I go to movies, I take a walk in the public gardens, go to church, then rush home.

I have watched my sisters and brothers marry. Now, outside of my mother, I am alone. Sometimes I go to a dance hall but lack the power to walk in alone. I hate to see life pass me by. I look far younger than the late forties—my age. I'm sort of preserved for heaven. Maybe they still have my wings in storage.

No Bad Habits

Dear No Bad Habits: Life only passes those up who by-pass it.

The active life is the positive life. Take the initiative. Be up and doing. If it's only to high school in quest of a hobby. Study languages, bookbird, painting—anything that will take you among people. Cultivate a sense of humor. Learn to laugh at yourself. Make conversation. Be friendly and you'll acquire a whole army of new and interesting friends, one of whom may be the husband you're looking for.

Dear Helen:

I read your column every day. Such good advice you give teen-

age boys and girls. I often make our daughters read after people's problems. They agree with your advice.

My family and I moved here from another town three years ago. We are buying our home just this year have been very discouraged. We have a pesky neighbor. When we first came she was right over, wanting to help. I thought her very friendly and made her. She is the mother of five and often brought all the little ones not in school they'd go through my home like flies—unsettling flower pots, and gold fish bowls—when to me was maddening, as my three children are in high school. This neighbor uses my phone eight times a day. Last week I was out and she came for long distance calls. My husband says our home is not our own.

I told her the following day she'd have to stop all this borrowing. She flew into a rage. She and the children stopped coming. Now she sends them with notes for this and that. I've been married 16 years. This is the first problem I can't settle myself. Did I do right by telling the neighbor to stay home? —Mrs. S.

Dear Mrs. S.: You did exactly right in telling your neighbor to stay home. There comes a time in all our lives when—even at the risk of unpleasant reverberations, we must speak up. Stick to your guns!

Dear Helen:

My wife chews her fingernails up to her elbows and smokes cigarettes by the carton. When I say anything there is a big fight. This is only the small half of it. Have you any solution? —Anxious to Know.

DIANE'S BEAUTY SALON

"Permanent waving is no longer only for the woman with straight hair," states Bessie of DIANE'S BEAUTY SALON.

"The woman who wants to be able to push her hair into the proper style requires a permanent wave for that purpose even if her hair is naturally curly," explains Diane. "Natural hair curl and wave doesn't follow any pattern or style. For a woman's hair to have appeal today it must be well styled and this means the style must be permanently waved into the hair. A permanent will give the hair direction and body where it is required and since today's waves are frequently combined with hair conditioners the adverse effect that early permanent wave chemicals might have had on hair has been eliminated," points out Pat.

"After a professional permanent wave a woman's hair is easy to care for and her style is set as she desires it. She looks as good at the end of a hard day as she did when she left the house," is the claim that Bessie makes for today's permanently waved styles.

It is time to change general thinking of permanent waving. Today's leading models, TV and motion picture stars must have permanents," says Edith.

Business in Market for Top Talent

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Business still is in the market for executive talent. But some of the urgency has gone out of the search and fewer top job openings—except in the sales departments—are reported by specialists than at this time a year ago.

Recruiting of engineers still is a full-time occupation for many firms, especially those in the defense and allied industries. And many devices to curtail raiding of other staffs, or to cut the high cost of recruiting an engineer or scientist are winning favor.

One is the growing trend toward setting up career centers in connection with national meetings of technical groups—a big saving in time and effort, and bringing into the open a once furtive practice.

But in the engineering field, too, new need for engineering executives, as apart from the basic staff, is reported slackening.

Some of the easing in the rush to find top men to head production, engineering or general administration staffs may be due to the slump in many industries. But a large part is traceable to cost-cutting studies.

A survey of 133 large companies with average annual sales of \$113 million shows them expecting to fill 222 jobs paying from \$10,000 to \$75,000 a year during the coming six months. This is 2.2 jobs per firm.

A year ago a like survey showed 466 job openings, or 3.5 per company. Six months ago there were 399 openings.

CHAPTER XXVII

Paolo and Livio came in through the kitchen door.

"They're comfortably installed—the birds—with food and water," said Paolo. "And Livio made them some perches out of old beaniepots in the yard. Featherers a little ruffled, but they'll be all right."

"Suppose you start at the beginning, Ciccio," said Livio, "and tell us the whole story about your arrest."

"Well, Signore, I was in the Piazza when a boy in the neighborhood came to me and said that the Germans were at the house, and that they had questioned Livio about the pigeons. So I ran home, and I said the pigeons were mine, and they told me to get in the car. Then they took Livio up to the roof again, put the pigeons in our sack, and they took Livio and me and the pigeons to their office in Palazzo Collegio Romano."

"They left Livio with the pigeons and took me to some officer's office, and he asked me

where I got the pigeons, and I said in the country. And they asked me what I had the pigeons for, and I said sometimes to eat and sometimes to sell. To whom do you sell them?" he asked, and I said, "To hungry people with money." And then he said, "Don't be a fool and slapped my face. While I was away, they had been questioning Livio."

Livio turned to Livio. "What did they ask you?"

"They asked me where we got the pigeons."

"And what did you answer?"

"What Papa had told me to answer—in the country."

"And then?"

"What we did with the pigeons. And I said we sold some and that we ate some, like at our Easter Dinner, when—"

"The same questions they asked me," said Ciccio urgently, "panic-stricken by mention of the Easter Dinner. But they didn't hit him and they weren't really bad. They even let us free the pigeons in the cell and gave us water for them. But they made us clean it up this morning. Today another officer came and took us away in a big black automobile with a chauffeur, and drove us home right in front of my door in Vicolo de Piccolo and said how he was sorry and gave me 2,000 lire. I don't have the 2,000 lire any more—Clementina has it."

Livio turned to Paolo. "Extraordinary, isn't it?"

"But it's true," Ciccio protested. "Oh, we believe you, In fact,

Shivers Talks for GOP at Texarkana

TEXARKANA (AP) — Former Gov. Allen Shivers of Texas today moved his campaign on behalf of the Republican national ticket in this border city, which already has been the scene of considerable

ling to eat.

When they had left Paolo said, "There's something very funny in this story. If it were anybody else but your fat friend and if you hadn't seen that crazy scene in front of his house with your own eyes, I wouldn't have believed a word of it. I think it's a word of that family out of Rome as quickly as you can, before somebody at the SD gets it into his mind to begin really questioning them with drugs and matches under the fingernails and the rest of the procedure."

Livio puffed up with happiness and pride (was he not now the personal assistant of the Great Man, even closer to him than his father?) lay sleeping on the cobbles outside of Partonopa's cottage, mumbling occasionally in his dreams of grandeur like a puppy who barks in his sleep chasing some dream rabbit. As he slept his father and mother rode toward Ladispoli in one of the MontAlto farm cars drawn by an old, gray mare, the German check points on the road had passed them after reading a note of Partonopa's stating them to be a new, peasant family for one of his farms in the Maremma. In the back of the car, the seven children were perched precariously and uncomfortably on blankets.

Kennedy Says Blunders in Latin Nations

By EDMOND LEBRETON

MIAMI, Fla. (AP) — Sen. John F. Kennedy charged the Eisenhower administration today with blunders which, he said, cost this country its inter-American leadership and opened the way for Communist infiltration.

The Democratic presidential candidate sounded this note as he opened an intensive day's campaigning in Florida—only 88 miles from Cuba, where, he said, "the forces of alien tyranny have already found their way into the Western Hemisphere."

He called for a massive diplomatic-economic effort to rebuild the good neighbor system in the hemisphere. And he suggested a bill named "Alliance for Progress-Action Plan Progress."

Kennedy sought to tie his Republican opponent, Vice President Richard M. Nixon, directly to what the senator termed the lack of "compassion, imagination, and

able political activity recently."

Shivers was elected governor as a Democrat.

"This is the third consecutive time he has supported the Republican ticket at a public meeting at Texarkana as Arkansas College."

Sen. John F. Kennedy, the Democratic presidential candidate, spoke here last month.

Later, Former President Harry S. Truman visited Texarkana on a speaking tour for the Kennedy-Johnson ticket.

Daughter of Late Actress a Suicide

NEW YORK (AP) — The young daughter of the late actress Margaret Sullivan and producer Howard Hayward apparently committed suicide Monday in her Manhattan apartment, an assistant medical examiner said today.

The body of Bridget Hayward, 21, was found by her father about 4:30 p.m. He called the family physician, who in turn notified the medical examiner's office. The girl had been dead several hours.

An incoherent note was found in the room, but its contents were not disclosed.

The exact cause of death was not determined. An autopsy was being set for later.

Police believed the girl had been pursuing an acting career.

Deafly said Miss Hayward had lived alone in the three-room apartment for about two years.

Her mother died last July 11 in New Haven, Conn. Her death was attributed to an overdose of sleeping pills.

Hayward and Miss Sullivan were divorced in 1948.

Eleven public holidays a year are celebrated in Japan, during which all banks and most businesses close.

Additional meeting before a nationwide television audience with his Democratic opponent.

It sounded like the opening gun in a fight to capitalize on Nixon's refusal to extend the presidential candidates' debate series with a fifth meeting close to election night.

Later, Kennedy lifted at Nixon as a man who boasted of debating scheduled with Soviet Premier Khrushchev fourth and final debate Friday but who also shied away from an

Boxing Probers Subpoena Palermo

PHILADELPHIA (AP)—Frank (Blinky) Palermo, identified by investigators as the field lieutenant of alleged underworld boxing czar Frankie Carbo, has been subpoenaed to appear in December before the Senate antitrust subcommittee investigating the sport.

The subpoena Tuesday directed the 55-year-old Palermo to appear in Washington the week of Sept. 5.

John Bonomi, assistant subcommittee counsel, said Palermo will be questioned among other things about evidence claimed by Bonomi that Palermo has been named as a temporary custodian of Carbo's powers while the latter is serving a two-year sentence in New York for illegal undercover operations in boxing.

Palermo will be among about 12 witnesses Sen. Estes Kefauver, D-Tenn., head of the subcommittee, plans to question. Kefauver has declined to name most of them in advance.

Rebels to Place Win Streak on the Line

By WICK TEMPLE Associated Press Sports Writer

LITTLE ROCK (AP)—Mississippi's Rebels, the No. 2 college football team in the nation, take an eight-game winning streak and a nine-point favorite's role into the fair of the dangerous Arkansas Razorbacks Saturday night.

Arkansas has won nine of its last 10 games, including last week's 24-23 victory over highly-regarded Texas, and is itching for a shot at the Rebels.

This game would be a sellout even if neither team had won a game. Arkansas and Mississippi have conducted a state-line rivalry since 1908, with Arkansas having won 13 to Ole Miss' 10.

You'll get no argument in Arkansas about the Rebels having more manpower, weight and experience than the Razorbacks. But the 40,000-odd Razorback fans who'll jam War Memorial Stadium will put their team's record for scrappiness against any in the nation.

Arkansas was down 14-0 against Texas last week before junior quarterback George McKinney threw three touchdown passes, then set up a game-winning 22-yard field goal for Mickey Cissell with 15 seconds left.

McKinney will be matching his passing arm this week against one of the best, 185-pound senior Jake Gibbs, who also tossed three scoring passes last week in a 20-13 victory over Tulane, and ran six yards for the fourth Ole Miss score.

Mississippi beat Arkansas last year 28-0, giving hog coach Frank Broyles' his only sound whipping since the middle of the 1958 season, his first year, when Arkansas began winning. Since then, Broyles has amassed a 17-3 record.

Ole Miss coaches are certain the job of beating Arkansas won't be as easy as last year.

The Rebels have been having trouble with their pass defense and a leaky secondary can't handle McKinney, Memphis State, Kentucky and Tulane all have caused Ole Miss trouble through the air.

The overall Rebel defense is labeled "not comparable to last year" when Ole Miss held 11 foes to a total of 21 points.

This week Broyles is adjusting his "monster man" or floating linebacker defense to deal with the halfback slants of Bobby Crespiro, Art Doty and Billy Ray Adams and still work on the Gibbs passing game. Johnny Vaughn of the Rebels will be adjusting his defenses to allow for McKinney's accurate aeriels and the breakaway threat posed by halfback Lance Alworth.

However, Alworth suffered a leg injury in Arkansas' 7-0 victory over Texas Christian and saw only partial duty in the 28-14 loss to Baylor and the Texas game. Broyles said whether Alworth sees full duty will depend on how his leg progresses this week.

Bass fair to good on artificial bait. Crappie fair on minnows.

Lake Greeson: Clear and normal. Bass fair to good on minnows and artificial bait.

Bull Shoals Lake: Water condition good. Crappie and white bass fair at night under lights on live minnows.

Lake Norfolk: No report.

CLIPPING DOESN'T COUNT

Mississippi Is a Solid Choice to Win

By HAROLD CLAASSEN

NEW YORK (AP)—If Casey Stengel gets bounced after winning 10 pennants in 12 years, what happens to a pigskin picker who misses on 13 of 50 college games? That's an average of 740 for the week and pulls the seasonal figures to 733.

This week's picks: Iowa over Purdue: There is less pressure on the Boilermaker youngsters so they may pull another upset, but the Iowans will be playing at home and that will give them a thin edge.

Mississippi over Arkansas: An interleague game on a neutral field, but Jake Gibbs makes the Rebels a touchdown better.

Syracuse over West Virginia: Those Mountaineers completely out of juice this year.

Navy over Penn: There are few backs in the country better than the Middle's Joe Bellino.

Missouri over Iowa State: Mel West has too many helpers for the Cyclones.

Michigan over Minnesota: The Wolverines will build up their lead during the first three quarters.

Baylor over Texas A&M: The Baylorers are using some of the Baltimore Colt plays—and with good success. Ronnie Bull to do the scoring.

Washington over Oregon State: It will be close with Bob Schloredt on the sidelines with a broken collarbone, but the Huskies should win.

Ohio State over Wisconsin: Two angry, defeated Big Ten clubs take it out on each other. The Buckeyes to wear down the Badgers.

Tennessee over Chattanooga: They play in different leagues.

Gator Bowl Still Likes the Porks

JACKSONVILLE, Fla. (AP)—Arkansas could get another trip to the Gator Bowl this year.

The selection committee Tuesday listed 19 teams, including the Razorbacks, being considered for the Dec. 31 football game. The list of prospects was headed by Navy, Syracuse, Baylor and Texas Tech. It also included Rice, Tennessee, Georgia Tech, Georgia and Kansas.

Arkansas beat Georgia Tech 14-7 in last year's Gator Bowl.

Porkers Told to Forget About Texas

FAYETTEVILLE, Ark. (AP)—

"We can't beat Mississippi with Texas on our minds."

Coach Jim Mackenzie coupled that statement Tuesday with a learning that the University of Arkansas Razorbacks will have their hands full when they tangle with Ole Miss, the nation's No. 2 college football team, Saturday night in Little Rock.

"They like to throw the ball and they like to run it," Mackenzie said. "They don't care which."

The Porkers heard Mackenzie's scouting report after a light workout indoors, with outdoor work rained out. As expected, scouts were high on Ole Miss quarterback Jake Gibbs.

Number one fullback Joe Paul Althert definitely will miss the Rebel game with a sprained foot, but otherwise the hog lineups have had no major changes.

No Two Timers in South Senior

PINEHURST, N. C. (AP)—In its nine-year history the North and South Senior Golf Tournament has yet to produce a two-time champion.

Of the 16 men competing in today's second two are former winners seeking to upset that tradition.

One of the pair, Thomas Robbins of Pinehurst, won in 1956. The other, J. Wolcott Brown of Sea Girl, N.J., scored in 1958.

Each was an impressive first-round victory Tuesday. Robbins bounced out one of the co-medalists, Martin McCarthy of Chevy Chase, Md., 4 and 3. Brown eliminated Carl Haymond of Los Angeles, 6 and 5.

James Kirkpatrick of Manchester, Conn., whose 70, two under par for the 6,800-yard No. 2 course of Pinehurst Country Club had tied McCarthy for the medal, had a close call. He edged Lando Haldeman of Chicago, 2 and 1.

Baseball Men Figure Houk to Lead Yanks

By JOE REICHLER Associated Press Sports Writer

NEW YORK (AP)—Informed baseball men were ready to lay odds today that Ralph Houk, New York coach for the past three years, will succeed Casey Stengel as manager of the Yankees in 1961.

Stengel, who brought the Yankees 10 pennants and seven world championships in a 12-year tenure was let out Tuesday because he was 70 years old. Houk is 41.

Houk, a former catcher with the Yankees, who returned to the organization after serving a term as manager of the Denver club of the American Association, is expected to be introduced in his new capacity during a press conference Thursday.

It will come as no surprise to anyone if, at the same time, Yankee President Dan Topping announces George M. Weiss' resignation as general manager. Topping, co-owner of the club along with Vice President Del Webb, has taken a more active part in the club's operations in recent months.

Unlike Stengel, who will completely sever his connections with the club when his two-year contract expires Oct. 31, the 65-year-old Weiss will be retained in an advisory capacity. Weiss' contract still has several years to run.

Roy Hamey, 58, as president assistant general manager, probably will be named to succeed Weiss.

Stengel bowed out and Weiss will follow because Topping and Webb agreed "there should be an age limit." In the future the club will not employ a manager after he's 65.

Stengel, chagrined and bitter over his dismissal, intimated he would be amenable to an offer to manage elsewhere.

"My wife, Edna," he said, "would like me to get some money some place."

Stengel will get plenty of money when he officially leaves the Yankees at the end of this month. Besides his estimated \$90,000 salary, he will receive a bonus of \$160,000 as his share of the club's profit-sharing plan.

But no amount of money could save his badly hurt pride, which he tried to protect by saying he would have liked to return as Yankee manager but not under the present conditions.

"If I wanted to come back," he said, "I would have asked for certain things to be changed. With a new group in the front office, I'd want to know who would be in control, and how much authority I would have."

Stengel, asked whether he would be interested in managing the San Francisco Giants, winked and replied: "I am not yet ready to think about another job. I haven't made up my mind yet regarding my future."

Tickets Sold by Loyal Democrat

ARKADELPHIA, Ark. (AP)—Loyal Democrat James T. Gooch figures his four tickets to Saturday's Arkansas-Mississippi football game—a sellout—went for a good cause.

Gooch said his tickets weren't for sale for any price, but that he'd swap them for four \$100 contributions to the Arkansas Democratic party. This, he said, was to help counteract a Republican-tinged \$150-per-plate "party for two parties" given Monday night at millionaire Winthrop Rockefeller's farm.

Gooch, chairman of the Clark County Democratic Committee, said Vera Meehan of Stuttgart took all four tickets. He had a lot of other calls, though, after word of his offer got around Tuesday.

BUGS BUNNY

Washington Completes Restoration of Black Smithy

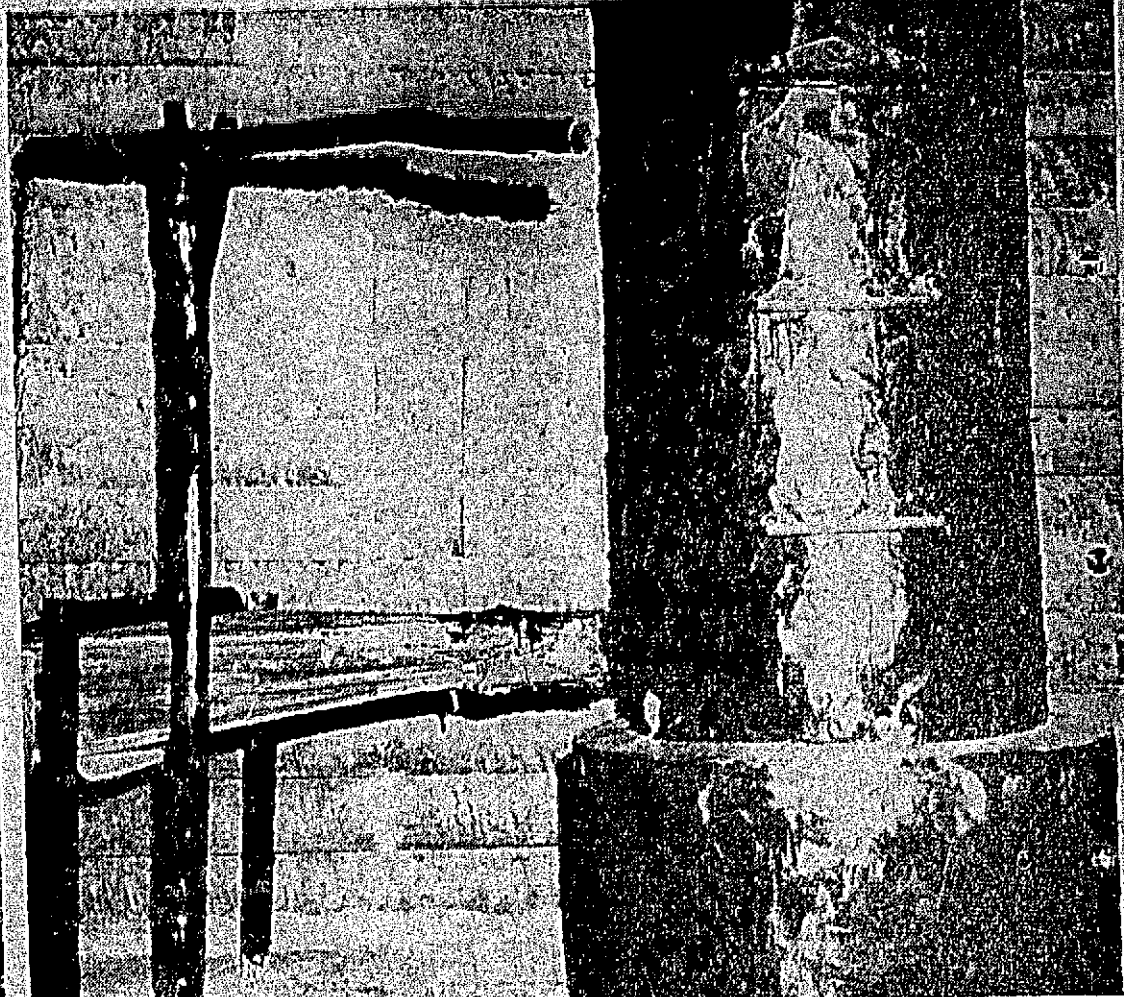

HERE IS THE REPLICA OF JAMES BLACK'S FAMED BLACKSMITH shop where 130 years ago he hammered out the fighting knives of Frontiersman James Bowie. The second project to be completed by the Pioneer Washington Restoration Foundation — the Tavern was the first — the smithy was photographed by The Star's Editor October 14 from a point downhill from the building's south-western corner.

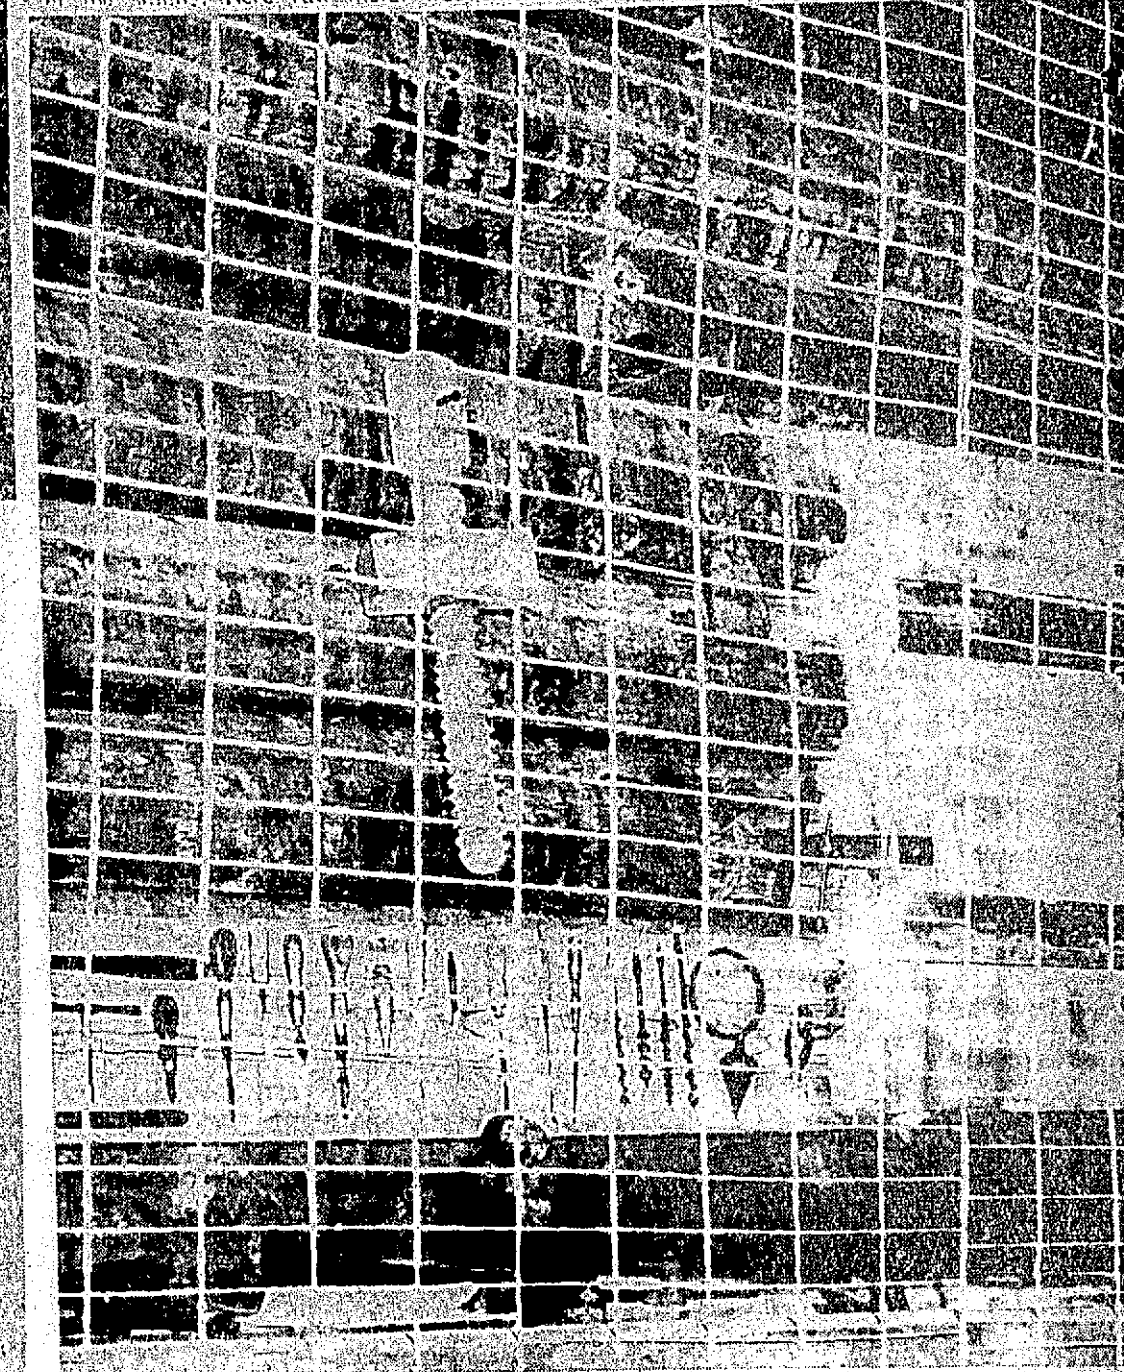

ALBERT C. SIMMS OF ALBUQUERQUE, N. M., MEMBER OF AN EARLY Washington family, provided the money for the smithy's restoration. Construction

was supervised by B. W. Edwards of Hope, contractor, gun collector, history hobbyist, and a director of the Pioneer Washington Restoration Foundation. THE RESTORED SMITHY IS BUILT OF NATIVE PINE LOGS, TREATED to protect them from weather and insects for years. The building measures 23 by 60 feet. It is roofed with hand-riven shingles, which give the structure a remarkable rough and ready charm.

Hope Star photos

THIS IS THE BIG SMELTING FURNACE, with hand-operated bellows at left, at the rear of the smithy. Here raw metal was smelted down and poured into bars for final working in the forges and on the anvils.

THIS PHOTOGRAPH SHOWS THE PRIMITIVE tools with which a great craftsman worked in the America of 130 years ago. Some of them came from a collection, others were donated by folks in the Washington area. Other gifts of authentic items will be welcome, Mr. Edwards says.

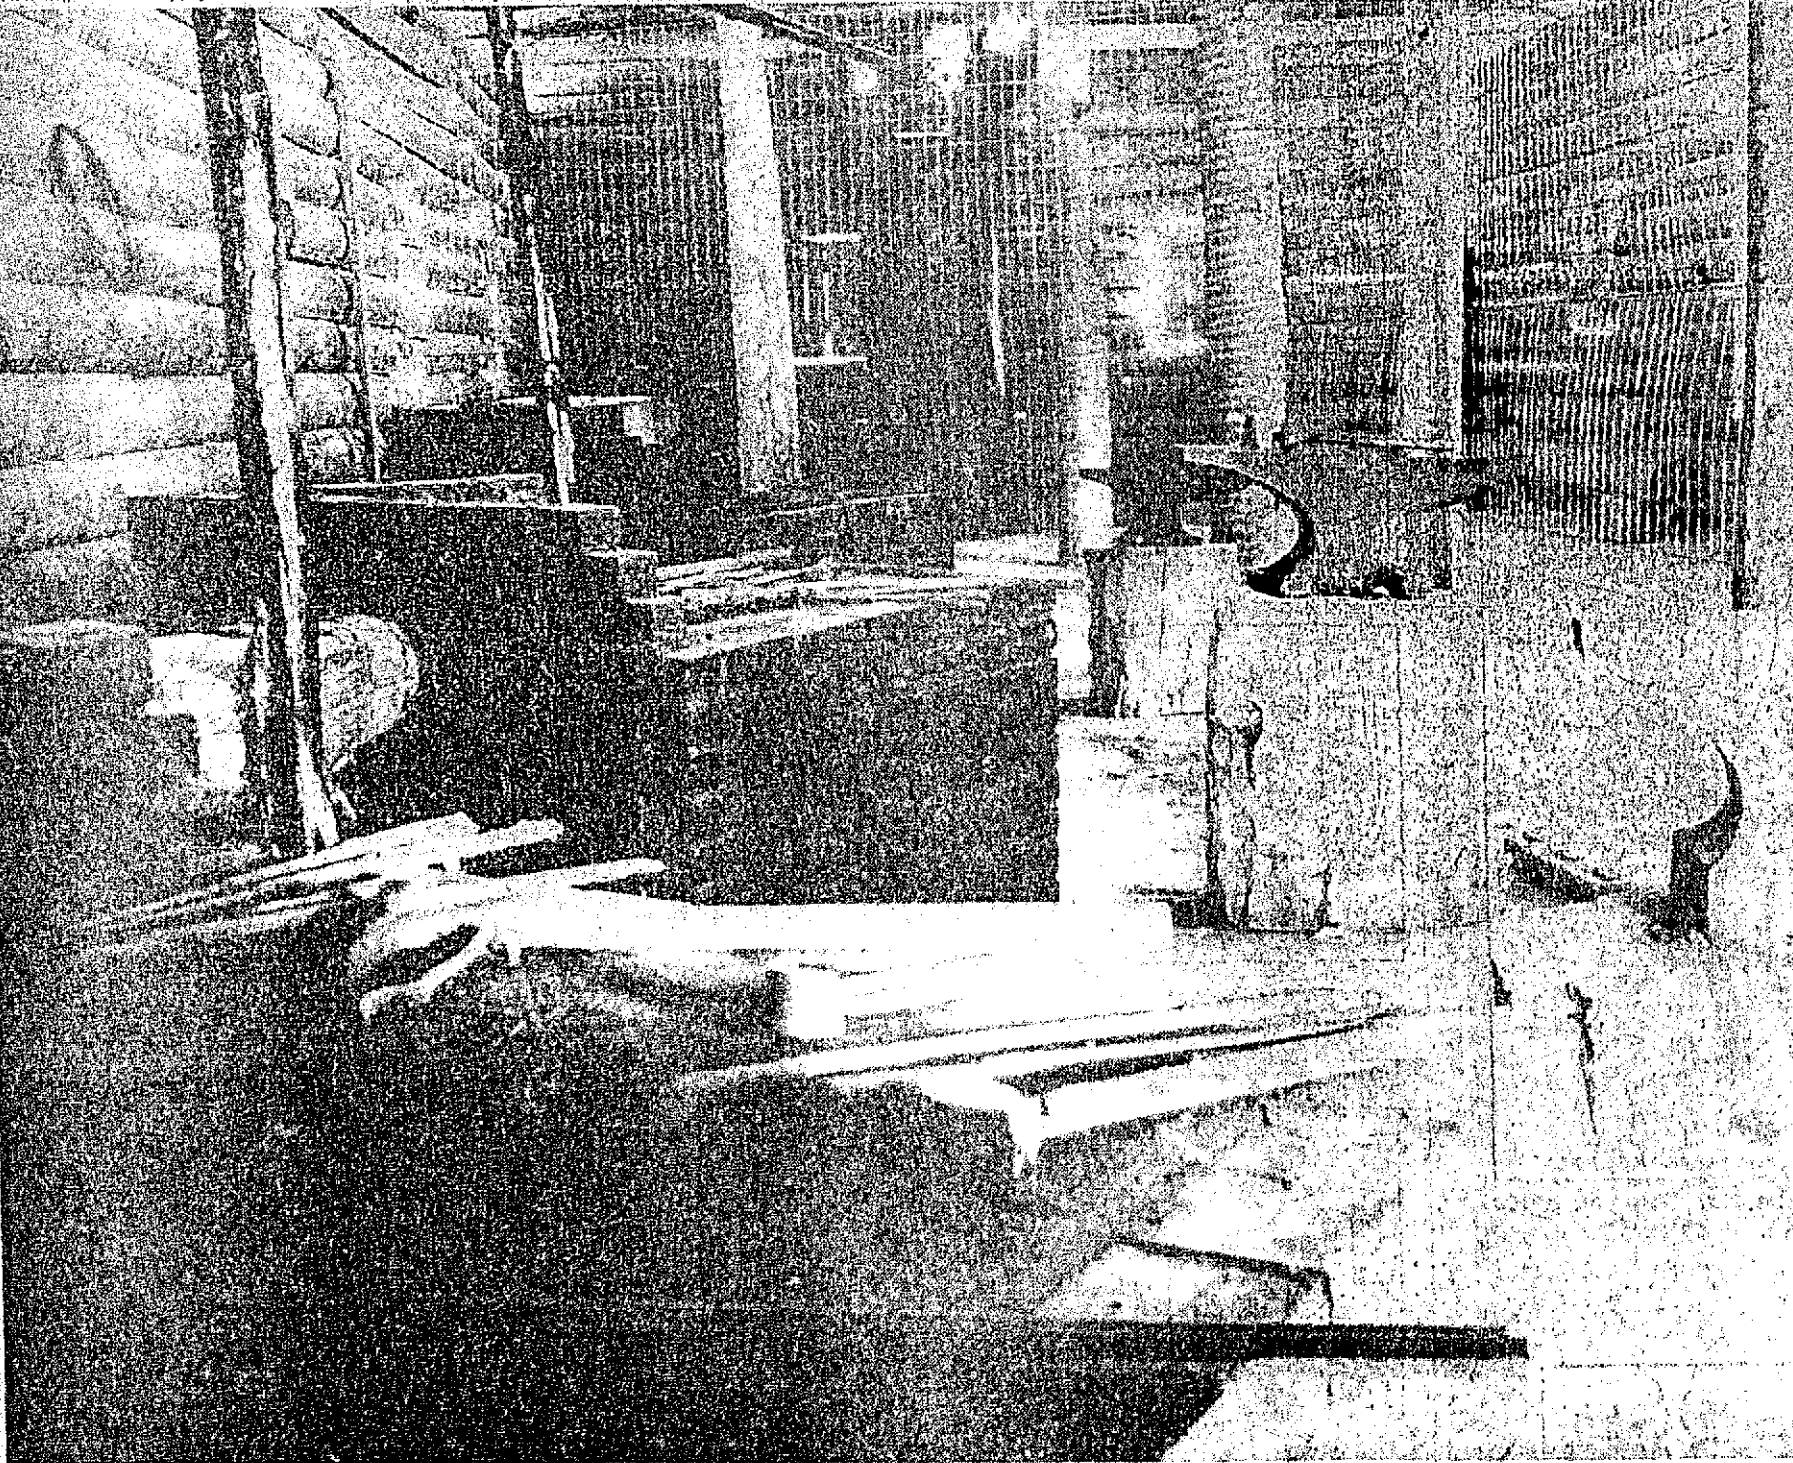

THE SMITHY IS OPEN ALL DAY ON Sunday with an attendant in charge, and there is a small fee for admission, the fund going to the Pioneer Washington Restoration Foundation for further development work. The visitor on week-days may find the smithy locked, but a key is available from Mrs. Luther Smith across the street.

ALSO PROJECTED FOR EARLY CONSTRUCTION in Pioneer Washington restoration program is a brick building to house Mr. Edwards' fine collection of historical guns and other weapons — which in time will become a notable museum.

EDITOR'S HISTORICAL NOTE: James Black, a gifted silversmith born in New Jersey

in 1830, settled in Washington as a young man and almost immediately became famous among frontiersmen as having a secret process for forging knives of superlative temper. Jim Bowie brought him a rough model of a fighting knife, and the finished weapon that Black turned out so delighted the great fighter that he made Black his manufacturer for the rest of his career. Bowie died in the Alamo with a Black knife in his hand. Black died at Washington in 1872, blind and poverty-stricken, his secret metal tempering process forgotten and lost to the world.

BOWIE IS CLAIMED BY LOUISIANA, where he spent most of his adult life — but the chapter on the Bowie knife belongs to Washington, Arkansas. Authority for this statement is the book "Bowie Knife," by Raymond W. Thorp, University of New Mexico Press (1948) — Mr. Thorp being an authority on weapons recognized world-wide. His facts on Bowie, Black, and the Bowie knife, were used in the celebrated motion picture "The Iron Mistress," based on Paul F. Wellman's novel of the same name.

INSIDE THE SMITHY IS A FIRST-CLASS MUSEUM OF THE MACHINES and tools with which James Black made weapons that helped James Bowie and other frontier leaders set up law and order in the Southwest. This picture shows the forge-and-anvil room, to the left as you come through the doorway. There are three forges, each with its bellows, and three anvils. Metal was cast into bars in a big furnace at the rear of the building, then re-heated in these forges and fashioned into knives on the anvils.

THE RESTORATION CALLED FOR A TOTAL OF FOUR BELLOWES—THREE for the forges and one for the furnace — and Contractor Edwards had to do a good deal of searching to come up with the right items. He found one in Oklahoma, one in Fort Smith, another in Monticello, and the fourth in Hempstead county — genuine articles from the days when a blacksmith shop was the industrial heart of every town.

Nixon Asks Support of Deep South

By WHITNEY SHOEMAKER

EN ROUTE With Nixon (AP)— Vice President Richard M. Nixon appealed for support in the Deep South today with the claim that Republican principles in these times more closely paralleled those of the great democrats of history. Nixon moved into Florida for the first time in his campaign for the White House and received a warm reception in usually Democratic Jacksonville.

Striking quickly at the Democratic platform, Nixon said he and running mate, Henry Cabot Lodge are more in the tradition of An-

drew Jackson than what was adopted at Los Angeles, where the Democrats last summer nominated Sen. John F. Kennedy for president and approved a platform pleasing to liberals.

The two candidates crossed paths in Florida during the day, when both scheduled speeches before the American Legion at Miami.

From Monday's swing through Western New York and part of New England, Nixon carried forward his free-swinging attack on Kennedy, a man he now calls a dangerous double-talker.

One Stolen Car Leads to Another

CLARKSVILLE, Ark. (AP)—A State Police search for two youths who wrecked a stolen car result-

ed in the discovery of another stolen auto and the arrest of four persons.

Officers said Robert Price and Lonnie Eskey, both 17 and both of Salina, Okla., were captured Monday shortly after they fled on foot from where the stolen car they were driving rammed a pickup truck on Highway 63 at nearby Coal Hill.

Troopers at a roadblock set up to watch for the pair arrested here. William J. Brock, 27, of Bethel,

Ohio, and J. K. Lakes, 23, of Hamilton, Ohio, driving a car they said had been stolen a week ago in Bethel, Ohio.

Price and Eskey told officers the wrecked car was stolen Monday at Westville, Okla., near the Arkansas state line. Sheriff R. L. Sweepston of Stillwell, Okla., who returned the youths to Stillwell, said both had previous records. The Ohio men, who told troopers they both had served time in Ohio, were jailed here pending word from Ohio authorities.

U. S. to Build Base in Scotland

LONDON (AP)—The London Times reported today Britain has agreed to let the United States set up a floating base at a Scottish port for U.S. nuclear submarines armed with Polaris missiles.

Admiralty officials said they had no knowledge of any imminent agreement.

"The reason for the choice of a Scottish port is that there the tender will be as near as possible to the arctic waters where the submarines are likely to operate, at least initially," the Times said.

What Public Needs Is Help From TV

By FRED DANZIG
United Press International

NEW YORK (UPI)—The private eye series called "Surfside 6" is a half-dozen of the others.

A few weeks ago, this product joined the ABC-TV network's crime fighters' association. It wasn't until Monday night that I caught the thing. I use the word "caught" in the epidemic sense, as in the sentence, "I caught the measles." Maybe they should have titled this one, "Surfside Sick."

I watch a whole ruddy hour of this garbage and begin to brood. The brooding process begins with TV programming in general and then advances, to brooding about the society which TV programming is supposed to reflect. And before I know it, I'm almost ready to cash in the chips. But then the TV apologists tell us not to "person" to take this awful TV junk seriously. It's merely intended Thursday until Thursday, Oct. 27, as harmless "escape" viewing. The request was granted. A net core of rotters for this type of was given. Thursday's show will TV show are busily escaping all therefore feature singer Peggy week long, practically all their Lee and Raymond Burr.

Whether they're called "Mike Hammer," "77 Sunset Strip," "Hawaiian Eye," "Peter Gunn," "December Bride," "Ozzie and Harriet," "Angel," "Bat Master-son," "Klondike," "Bonanza" or that new, impoverished distant cousin, "Surfside 6," we don't need much more "escape," do we? We need help. As for Monday night's story — and I use the word loosely — it was set in sunny Miami Beach, Fla., and dealt with an exiled dictator who was killed during a gay party for the son of his late mistress.

The son, Joe A. Falin, 35, died last Aug. 19, two days after he was shot during a fight at the Falin home.
